ABOUT MASSSAVES:

MassSaves provides financial education, resources and advocacy for individuals and families looking to achieve financial stability and build wealth. MassSaves is a broad network of public and private stakeholders including financial educators, providers, community organizations and advocates. Members engage with one another in a variety of ways including trainings and events as well as creating and sharing financial education and resources on MassSaves.org for consumers. MassSaves is an initiative of [The Midas Collaborative](#), a statewide non-profit organization that advances the financial security of low and moderate income families in collaboration with member and partner organizations.
